DELETE RUN CONTROLS

Step 1: Select BSU Processes and Reports

Step 2: Under BSU Miscellaneous - select Delete Run Controls
Step 3: Select Pull Up Run Controls

Step 4: Select the Run Control ID you want to delete by clicking in the box next to it. You can only delete one run control at a time.

Step 5: Select OK if the run control ID is the correct one to delete, or cancel if you want to stop or select another run control ID.
Step 6: Select OK - you have now deleted your Run Control ID.
